## WELCOME TO PCMB 2019

We are pleased to welcome all the Directors, Heads, Deans, Professors, Scientists, Researchers, Doctors and students of Botany and Molecular Biology for **International Conference on Plant, Cellular and Molecular Biology**, February 18 - 20 , 2019 at Valencia, Spain with the theme of "*Innovations, Advancements and Emerging Novel Research In Plant Science*".

This conference will focus on the latest and exciting innovations in each and every area of Plant Science Research, and it will offer a unique opportunity for investigators from all over the world to meet, network, and perceive new scientific interactions.

## ABOUT PCMB 2019

International Conference on Plant, Cellular and Molecular Biology (PCMB) aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results about all aspects of Development in Plant Science. It also provides the premier interdisciplinary forum for researchers, practitioners and young researchers to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the fields of plant science and biology

The key intention of PCMB 2018 is to provide opportunity for the global participants to share their ideas and experience in person with their peers expected to join from different parts on the world. In addition this gathering will help the delegates to establish research or business relations as well as to find international linkage for future collaborations in their career path. We hope that PCMB 2018 outcome will lead to significant contributions to the knowledge base in these up-to-date scientific fields in scope.

**We look forward to seeing you in Spain!**
